SPOUSE LEGISLATION

On 30 March 1982, representatives of the Office of Personnel accompanied the General Counsel to a hearing held by the Subcommittee on Legislation, House Permanent Select Committee on Intelligence, on the matter of divorced spouses legislation. It was clear from the outset that the Subcommittee strongly supports this legislation. Thus, our attempt to identify Agency problems that will flow from the enactment of such legislation for the Central Intelligence Agency Retirement and Disability System (CIARDS) was ineffective. Apparently, the feeling for the legislation is as strong in the Senate. We are working with the Office of General Counsel to prepare an options paper for review by the Executive Director, the Deputy Director and the Director. Since we have concluded that the House, and in turn the Senate, will take some legislative action, we believe we must take some initiative to ameliorate Agency concerns. (U)

A meeting was held on 1 April 1982 to address issues raised by a group of wives and former wives of Agency employees. This meeting was the result of an earlier meeting the General Counsel had with Mrs. Barbara Colby, wife of former Director William Colby, Victoria Toensing, Chief Counsel, Senate Select Committee on Intelligence, and others. While the earlier meeting dealt with the matter of amending the Central Intelligence Agency Retirement and Disability System to provide former spouses with a portion of the retirement annuity, the current discussion is aimed at examining issues other than retirement annuity. Present were representatives of the Office of Personnel, Office of General Counsel, Deputy Directorate of Administration and Deputy Directorate of Operations. Also present were Mrs. Barbara Colby, Mrs. [] and Mrs. []. Issues discussed included 25X1 the need for training, regular guidelines and a wide variety of information. Another meeting is planned in about three weeks. Ultimately, results of the current study will be transmitted to our House and Senate Committees as they have requested. (U)

PAY COMPENSATION STUDY

Completion of the Compensation Study by the consultants has slipped.
We now expect the complete report by 15 April 1982. (U)

JOB INFORMATION CONFERENCE

Agency representatives attended a Job Information Conference for the 10th District of Virginia sponsored by Representative Frank Wolf. The purpose of the Conference was to assist Federal employees who are subject to reductions in force. Approximately 350 people attended, but our recruiter saw only three or four professional candidates of interest. (U)

Procedures Implementing Executive Order 12333

Representatives from Intelligence Law Division and DO/PCS/25X1 continue to meet with representatives from the Department of Justice to discuss the proposed procedures to implement the new Executive Order on intelligence activities. The preliminary response from Justice to the new procedures has, on the whole, been very favorable. Justice has been reminded of the importance of obtaining prompt approval by the Attorney General, and it is presently expected that the procedures dealing with the conduct of CIA activities abroad will be forwarded to the Attorney General for his review within one or two weeks.(S)
